**COVID-19 Screening Attestation**

The safety of the employees, students, families, clients, partners and visitors remains Capital Region BOCES' top priority. As the COVID-19 outbreak continues, CRB will closely monitor the situation and will periodically update our guidance based on current recommendations from local, state and federal health care providers.

To prevent the spread of COVID-19 and reduce the potential of exposure in our facilities, we are conducting a simple screening. Your participation is essential to help us take precautionary measures to protect you and everyone in the facility. We request you complete this screening everyday prior to entering a CRB facility. Based on your responses, you will be informed if you should report to work or if you can enter our facilities.
